STUDENT FUND

SUPPORT OF THE FUTURE OF GEOSCIENCE

The EAGE Student Fund is a charity that funds activities that help bridge the gap between the university and professional environment for students of geoscience and engineering. In collaboration with a Student Affairs Committee, containing representatives from major industry companies and universities, EAGE is successfully building and promoting geoscience and engineering on a global scale in order to broaden the students' minds and create worldly candidates for careers in the geoscientific industry.

YOUR DONATION TO THE EAGE STUDENT FUND HELPS TO DEVELOP ACTIVITIES FOR OUR FUTURE GEOSCIENTISTS AND ENGINEERS!

Student Programmes

Workshops, short courses, recruitment activities, motivational lectures, Geo-Quiz competitions, exhibition tours, student evenings, and more. Student programmes provide students with the right combination of education, career, and network opportunities. The EAGE Student Fund creates more possibilities to extend these student conference programmes.

Student Lecture Tours

EAGE collaborates with universities and EAGE student chapters worldwide to provide students with half-day lectures on interesting geoscience-related topics. Your donation to the EAGE Student Fund provides us with the opportunity to offer more lectures to students worldwide, without any additional costs.

Travel grants

Students cannot always afford the travel, accommodation and registration fees in order to visit conferences, workshops or field trips. Therefore, travel grants are offered to give students the opportunity to participate in these activities. Travel grants are also rewarded to student

participants of the EAGE FIELD Challenge and winners of the regional EAGE Geo-Quizzes.

Scholarships and awards

The EAGE Student Fund supports the Thomson/BP scholarship (for the North American University and Heriot-Watt University) and the Gustavo Sclocchi Award (for Italian diploma graduates as well as PhD students).

Support for establishing local Student Chapters

It is through EAGE's Student Chapters that our aim to promote geosciences among students can be realized. The Student Chapters work closely with EAGE and with your company's donation more chapters can be established and more initiatives to promote geosciences can be executed.

Support of student initiatives

Ambitious (groups of) students that organize student conferences, workshops and/or field trips should be encouraged. The EAGE Student Fund supports these student initiatives financially in order to give students the resources they need.
